Photo Signs

Hello Friends~

Thank you for downloading this product. Every year I take pictures of my students on the first day of school. I use them for so many things... I display them on a bulletin board for Back to School night, and I also use them on the cover of their memory books that they get at the end of the year. They can also be used digitally in a PowerPoint or slideshow for any presentation during the year, or even in the school yearbook.

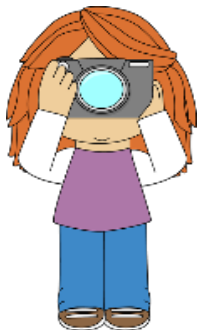

I will be having the students hold a sign indicating their grade level on the first day of school this year, just as I did last year... and so I thought I would share the signs with you!

This product covers all grades from kinder- 12th grade, and offers a variety of design choices. Simply print the design and grade(s) of your choice. Last year I had students just hold the paper print out, and they were adorable that way. You can also laminate if you so choose, mount it on construction paper to give it a border, and even glue to a ruler or dowel to have students hold it as banner. Experiment to see which look you like best.

I hope they turn out adorable!! I would love feedback and or examples of your photos if you'd like to share. You can e-mail me: teachingincali@gmail.com or visit my blog: teachingincali.com. I would love to hear from you...

Enjoy~
