

Name _____

Find-A-Friend

In the first column, fill in the information about yourself.

When it is time, you will find another person and ask them a question. If they have the same answer as you did, have them write their name in the same column. If they have a different answer than you, have them write their name in the different column.

Try to ask each person one question only, and have each friend sign your paper once. Then move on to a new friend. Try to get all of your boxes signed by a different person.

	Myself	Same as Me	Different than Me
